

ProtectSuite

Certified. Compliant. Complete.

Expanding upon the DesignSuite's focus on functionality, the **ProtectSuite** prioritises enhanced personal protection and privacy, offering features such as integral finger protection for reducing the risk of injury, and privacy glazing allowing for discreet and secure observation. Additionally, anti-ligature and anti-barricade emergency breakout solutions can be incorporated.

Where can ProtectSuite be specified?

ProtectSuite doors are most commonly specified in schools, day nurseries and hospitals. However, in today's litigious world, we have a duty to protect children and vulnerable persons in many other locations, therefore, ProtectSuite doors are also now specified in museums, civic buildings, and sports venues.

ProtectSuite Features

1. **Core** – A range of cores are available to achieve essential fire and acoustic performance ratings, at a base level.
2. **Vision Panel** – Specified in a size and position in accordance with BS 8300 recommendations, with glass to meet fire and acoustic performance requirements. Beading is available in bolection and flush style. Cliniglaze & Cliniglaze Flush options are also available for discreet and secure observation.
3. **Finishes** – Laminate, wood veneer, primed and painted finishes available.
4. **Frame** – ProtectSuite offers options for both loose stop and rebated frames, and for additional finger protection see Safehinge section below.
5. **Ironmongery** – A wide range of ironmongery & access control products, including anti-ligature and finger protection, in a selection of styles and finishes.
6. **Fire ratings** – From NFR to FD60s
7. **Acoustic ratings** – Up to 30RWdB

Privacy Glazing Options

Cliniglaze

- Privacy protection in healthcare environments.
- Bolection bead detail available.

Cliniglaze Flush

- Flush style of glazing allows for easy cleaning, perfect for infection-control environments.
- Privacy glazing to suit leaf thickness, ensuring a flush finish.
- Clear flush glazing options are also available.
- Can be specified with x-ray and laser protection.

Finger Protection Frame Detail

- Durable, permanent finger protection
- Unobtrusive designs that blend with its locale
- Can be provided in std. SAA finish, timber effect foil or painted to RAL Colour

Specification Details

Configuration Options

DorSuite's performance doorsets are available in various configurations to meet the needs of any project. They can be single or double doorsets (either equal or leaf & a half pairs), and as single or double swing. All doorset choices include full height doors, with the option of glazed or unglazed overpanels, side lights, or fanlights. Overpanels can be installed with or without a transom.

Single Leaf

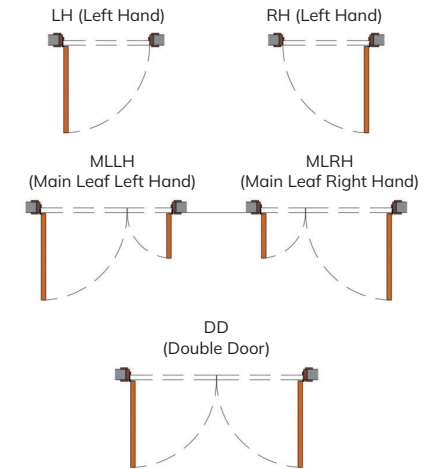

Double Leaf

Leaf & a half

Door Handings
